The parties understand and agree that the Company's failure to seek or obtain such shareholder approval shall in no way adversely affect the validity and due authorization of the issuance and sale of Securities or the Investor's obligation in accordance with the terms and conditions hereof to purchase a number of Shares in the aggregate up to the Maximum Common Stock Issuance, and that such approval pertains only to the applicability of the Maximum Common Stock Issuance limitation provided in this Section 2.5.

The Company and its Subsidiaries have in full force and effect all certificates, approvals, authorizations and permits from the appropriate federal, state, local or foreign regulatory authorities and comparable foreign regulatory agencies, necessary to own, lease or operate their respective properties and assets and conduct their respective businesses, and neither the Company nor any such Subsidiary has received any notice of proceedings relating to the revocation or modification of any such certificate, approval, authorization or permit, except for such certificates, approvals, authorizations or permits which if not obtained, or such revocations or modifications which, would not have a Material Adverse Effect.

Nothing contained in this Section 12 shall be construed to mean that such persons or entities other than the Investor (without the written consent of the Investor prior to disclosure of such information) may not obtain non-public information in the course of conducting due diligence in accordance with the terms of this Agreement and nothing herein shall prevent any such persons or entities from notifying the Company of their opinion that based on such due diligence by such persons or entities, that the Registration Statement contains an untrue statement of material fact or omits a material fact required to be stated in the Registration Statement or necessary to make the statements contained therein, in light of the circumstances in which they were made, not misleading.
